## YANK TAR STRUCK BY SHOT DURING RUSSIAN REVOLT

Government Troops Beat Rebels In Vladivostok Uprising Tuesday.

**CIVILIANS CAUGHT BETWEEN FORCES; MANY ARE WOUNDED**

British Red Cross Officer Is Killed—Allies Take No Part in Fighting

Vladivostok, Tuesday, Nov. 18.—Revolutionary forces which for the last two days have attempted to obtain control of the city were completely defeated by government troops today in a battle which was commenced before dawn. General Gaida, the revolutionary leader was wounded and captured and his followers were driven from every point of vantage by government troops.

Shortly after midnight the government troops moved field guns into position at Svetlanskia bridge by which this main thoroughfare of the city crosses the Siberian river. The bridge is only 500 yards north of the station the strongest position of the rebels. A little later troops reinforced by 100 cadets from the naval training school, proceeded to the business centers of the city, while armored cars became active at various points.

Before the battle opened several policemen and three American soldiers gained entrance to the railway station, from which they took two Russian weapons who had been rumored there since the fighting started. At one o'clock there was a burst of machine gun fire against rebels holding the railway yards and gunboats started to drop shells on the station.

Some of the shells set fire to the barracks of the American replacement battalion. Fire was opened at 4 o'clock on the station from field guns stationed at the Svetlanskia bridge, which had a clear field of fire. Later the fighting became general with the revolutionists falling back everywhere and finally being driven from the station.

Monday morning at 8 o'clock the social revolutionary Zemstvo group proclaimed a new Democratic representative government.

At 2 o'clock Monday afternoon the opposing forces clashed in a savage battle for the possession of the railway station, approximately 5,000 rifle and machine gun shots being fired before nightfall. Government forces under General Lasevich held the entire town with the exception of the immediate vicinity of the station.

Allied troops entered the city with American troops protecting American organizations. The U. S. cruiser New Orleans and Brooklyn, under command of Vice Admiral Rodgers, are lying in the harbor.

After the proclamation of the revolutionaries yesterday morning in which they announced their opposition to Kolchak a semblance of a ministry was announced by Yakushiff being named president.

After three raids against the railroad station General Gaida's troops occupied the building and the established headquarters there at about 5 p.m. The losses in this fighting were six dead and 20 wounded on the Gaida side. The losses to the government troops were not announced. It is estimated that 100 civilians were victims of the firing, some being killed.

The American Red Cross is caring for 58 wounded.

A British Red Cross officer was killed at the station plaza. T. W. Roland, of Portsmouth, California, said, "My mate on the New Orleans was hit by a bullet and is not expected to live."

Announcement was made by the allied military council at 6 p.m. that it had decided that the allies should not interfere in the movement which is considered political in character.

## WAR-TIME DRY FIGHT IS TAKEN INTO HIGH COURT

Expect Early Decision On Question of Legality of Prohibition Declared By President.

Washington, Nov. 20.—The supreme court was asked today to determine the constitutionality of the war-time prohibition act as well as the Volstead prohibition enforcement act during arguments in appeals brought to test congress right to prohibit the manufacture and sale of intoxicants.

While many conflicting decisions have been rendered in various parts of the country upon the question, today's arguments involved only three cases, one from Kentucky in which the war-time act was declared unconstitutional, and two from New York in which the authority of congress not only to make the country dry, but to enforce it, was sustained.

Failure of the senate to ratify the treaty of Versailles was regarded by attorneys in the cases as only complicating the situation because of the delay in the determination of the technical state of war, but the court's willingness to expedite the cases is regarded by court officials as indicating the court's intention to decide the question with as little delay as possible.

The first case argued was that of the Kentucky Distillers and Warehouse company, which Federal Judge E. A. Tamm declared the war-time prohibition act to be invalid and enjoined internal revenue officials from preventing the withdrawal of a large quantity of whiskey from bonded warehouses.

## SUGAR SHORTAGE WILL LAST UNTIL FEBRUARY

Columbus, Nov. 20.—There is much misrepresentation, willful and otherwise, in the sugar situation at this time, according to W. Van Meter, Columbus wholesale merchant, who is vice president of the Ohio Wholesale Grocers' association.

He today authorized an interview stating that the optimism by Attorney General A. Mitchell Palmer of the price of Louisiana cane sugar is unjust. Van Meter has no interest in partisanship, he said, and declared that he made the statement only to clear up public misunderstanding.

He also said that relief from the present scarcity must not be expected until February or March, at which time it will be wise for householders to lay in a good supply at the then reasonable prices that will be prevailing.

The present extreme stringency is to be attributed to the action of the beet sugar men in insisting on a price equal to that of the cane sugar product, he said. They have held up the supply, and if Palmer were to grant their demands he would be subject to criticism, Van Meter asserted.

## MRS. HOYT DIES AFTER HUSBAND'S BURIAL SERVICE

Heart Trouble Due to Grief and Exertion While Walking Home Brings Fatal Heart Attack.

Returning home from the funeral of her husband, Mrs. Mary Hoyt, aged 59, dropped dead on the road near her home Wednesday afternoon about 4 o'clock. Her husband, Bert Hoyt, died Monday in this city at the home of his sister, Mrs. Stickle, in 91 Clinton street.

The Hoyt household is on the back road to Black Hand from Hanover, and on a very high hill. Mrs. Hoyt was driven to the home of William Thompson in Hanover where she spent some time. She returned to this city for Coroner Thompson home and start to walk to her home. About 20 minutes later Mr. Cornell going over the same road to his home found Mrs. Hoyt lying at the side of the road dead. She had just left the Fleming-Montgomery woods when she was stricken. Mr. Cornell went to the home of William P. Priest nearby and called Dr. D. O. Roberts of Hanover and telephoned to this city for Coroner Richards and Criss Brothers ambulance.

Dr. Richards, who went immediately with the ambulance attendants, pronounced death due to an attack of heart trouble. The doctor believed that her husband's death, grief of being left alone, and the climb up the steep hill. Relatives stated this morning that Mrs. Hoyt had been a sufferer from heart trouble for some time.

She leaves one brother and one sister, Mrs. Mattie Drumm of Chuylick, and John Flowers of Chicago.

The body was removed to Criss Brothers undertaking establishment and prepared for burial. Funeral services will be held Friday afternoon at 2 o'clock (Eastern time) in the Hanover M. E. church and burial will be made in Hanover cemetery.

## DONAHEY RAPS HEALTH CODE

Declares It Would Impose Burden on Overtaxed Ohio People—Law May Be Repealed.

Columbus, Nov. 20.—The new Hughes health code providing for a reorganization of Ohio's public health system, effective January 1, was severely criticized today by state auditor A. V. Donahey. This, he said, was the beginning of a movement to have the Hughes law repealed or declared unconstitutional.

Based upon information gathered from 73 of the 88 counties and estimates for the other 15, Donahey says the act would impose an added burden of \$1,973,245.59 on the "already overburdened taxing districts."

Donahey estimates in his letter that the operation of the law, if requested of the district boards of health are allowed, would cost \$1,357,435.59 in addition to the \$615,810.00 already under the law. This, says Donahey, is 45.3 cents per capita.

"Hundreds of townships in Ohio would be left without a single cent," says the state auditor's letter to county auditors, "and municipalities would find it difficult, if not impossible, to meet these new demands."

## COURT ORDERS MINES GIVEN BACK TO OWNERS

Bismarck, N. D., Nov. 20.—The controversy over the lignite coal mines of North Dakota which Governor Lynn J. Frazier, recently took over in the name of the state, when operators and miners became deadlocked over the question of wages, it appeared today would be taken to the state supreme court for settlement.

Governor Frazier's action in taking over the mines was sharply criticized yesterday by District Judge W. L. Nussie, who issued an order requiring state officials to return, by Monday afternoon, to the Washington Lignite company, the mining properties of that company at Wilton.

Other mining companies in the state demand the immediate return of their properties. The case brought by the Washington Lignite company in considered a test and it is expected that an appeal by Judge Nussie decision will be certified to the supreme court today.

**W. C. GEAR PASSES AWAY.**  
Upper Sandusky, Nov. 20.—W. C. Gear, aged 73, state dairy and food inspector, died at his home here of apoplexy. He served six years in state legislature for 18 years.

## PICKING THE GOAT IN GERMANY

The pictures snapped between sessions of the German parliamentary tribunal, show: Big figure at left, Dr. Von Bethmann-Hollweg. Above in center, Dr. Cohn and wife. Full length figure at right, Count Von Bernstorff. Below, Prof. Dernburg, at left, and Dr. Sinsheimer.

The German parliamentary tribunal, formed in plain language, to "pick the goat" for Germany's defeat in the war, is now in constant session. All diplomats, military heads and civilian leaders are being examined by the tribunal.

The reason for the failure of the treaty in this morning were un-derstandable. Below, Count Von Bernstorff, former German ambassador to the U. S.; Dr. Cohn, leader of the independent Socialists in the Reichstag; and one of the chief questioners, and Dr. Sinsheimer, who quizzed Von Bernstorff regarding President Wilson's peace work.

Among the leading figures at the session are Prof. Bernhard Dernburg, leader of the German propaganda in the U. S.; Dr. Von Bethmann-Hollweg, former German chancellor; Count Von Bernstorff, former ambassador to the U. ## TREATY FAILURE HITS COMMERCIAL INTERESTS OF U. S.

Other Nations Will Have Advantage in Opening Business With foe.

**NO HOPE FOR ACTION ON TREATY BEFORE JANUARY**

Spain Still Is Looking After American Interests In Germany.

Washington, Nov. 20.—Although not changing technically the existing status of the relations between the United States and Germany, the senate's failure to ratify the peace treaty at its special session is expected by administration officials and diplomats to have an indirect result of some importance on the steps now being taken to restore the world to a peace basis.

One of the first consequences, according to the view taken here, is likely to be the hastening of the negotiations in Paris, including promulgation of the peace verbatim, which will restore full commercial and diplomatic relations between Germany and the powers which have ratified the treaty. Paris dispatches have said this step was waiting for one thing, the action of the senate, but it is thought there will be no further delay now for that reason.

The new congress will meet on December 1, but not even the most ardent supporters of the treaty believe it would be possible to take it up again at the outset of the session. The Christmas recess was expected to intervene before much could be accomplished, with the result that clear field for treaty consideration would not be opened before January at the earliest.

Once the other great powers have gone ahead with their establishment of full trade and diplomatic relations with Germany, officials say, new arrangements will have to be made by the United States to fit into the commercial scheme thus created, whatever the United States has with the central powers.

At present war arrangements by which Spain is taking care of American interests in Germany continues in force and that is not expected to be dissolved. The shipment of supplies of various sorts to Germany must begin under the treaty terms, however, and the powerful reparations commission will be set up to determine all the details of Germany's commercial intercourse with other nations.

On this commission the United States will have no representation though it is hoped to work out a plan by which this country can keep in close touch with the body's work in order to protect American interests. The administration officials were not prepared today to predict just what form this unofficial connection would take nor to outline just what could be accomplished by such a connection.

The state department is emphatic in its stand that no American consuls can be sent into Germany until peace has been definitely established between the United States and that country and they are not prepared to consider any suggestion for the sending of a messenger train at Ullsborg.

## GERMAN LABOR ENVOYS LOST; ALL ARE RECALLED

Berlin, Nov. 20.—The present whereabouts of Germany's labor delegation to the Washington labor conference is still a matter of speculation as official quarters up to this morning were un-derstandable. Below, Count Von Bernstorff, former German ambassador to the U. S.; Dr. Cohn, leader of the independent Socialists in the Reichstag; and one of the chief questioners, and Dr. Sinsheimer, who quizzed Von Bernstorff regarding President Wilson's peace work.

## REDS PLOT MANY DEATHS DEC. 25

Would Send Bombs In Christmas Packages To Officials Who Have Been Active Against Them.

Philadelphia, Pa., Nov. 20.—Investigations into the activities of radicals carried given added impetus here today as the result of a warning issued yesterday by James Robinson, superintendent of the Philadelphia police, that local detectives have discovered a plot to spread terror throughout the country at Christmas time. According to his information the superintendent said it is planned to send national, state and city officials through the mails death bombs wrapped in packages to resemble Christmas presents.

Superintendent Robinson said members of the police bomb squad were carrying out investigations of radical activities here.

"It is the intention of this organization," said Robinson "to kill or maim every official in the country who has been active in the suppression of Bolshevism and anarchist movements in this country."

Details of the supposed plot have been sent to government officials in Washington and to Chief of Police Quigley of Rochester, N. Y., who is chairman of the board of governors of the national bureau of criminal identification.

Lexington—Judge William A. Young, of circuit court and former County Judge Harlan Sexton killed when automobile was struck by a C. & O. train.

Columbus—Governor Cox instructs state health department to draft amendments to new public health administration law for submission to legislature in December.

Cleveland—R. L. Cannefax, New York, with American three cushion billiard championship.

## PRESIDENT CALLS NEW INDUSTRIAL PARLEY DEC. 1ST

Seventeen Men Named To Take Up Labor Unrest Over Nation.

**DR. THOMPSON OF O. S. U. NAMED MEMBER OF BOARD**

Ex-Governors and Former Government Officials Compose Board.

Washington, Nov. 20.—President Wilson today appointed a new industrial conference and called it into session here December 1.

The conference will be composed of seventeen men, including government officials, business men and former members of the cabinet and former governors of states and it will carry on the work undertaken by the national industrial conference, which foundered on the rock of collective bargaining.

The personnel of the conference follows:

Secretary of Labor Wilson; former United States Attorney General Thomas W. Gregory and George Wickersham; former food administrator Herbert C. Hoover; former secretary of commerce Oscar S. Straus; Henry M. Robinson, Pasadena, California; Professor Frank W. Taussig, former chairman of the tariff commission; former Governor Samuel W. McCall of Massachusetts; former governor Martin H. Glynn of New York and Henry C. Stuart of Virginia; Dr. W. O. Thompson, president Ohio State University; Richard Hooker, Springfield, Mass.; George T. Slade, St. Paul; Julius Rosenwald, Chicago; Owen D. Young of New York City; H. G. Waters of Manhattan, Kansas and Stanley King of Boston. The President's letter of invitation follows:

"In accordance with the suggestion given me by the public group of the recent industrial conference, I am calling a new body together to carry on this vitally important work and I trust you will give me the pleasure of naming you one of its members."

"Guided by the experience of the last conference I have thought it advisable that in this new body there should be no recognition of distinctive groups but that all of the new representatives should have concern with such regard for justice and fair dealings that the workers will feel themselves induced to put forth his best efforts, that the employers will have an encouraging profit, and that the public will not suffer at the hands of either class. It is my hope that this conference may lay the foundation for the development of industries by which these results may be attained."

"It is not expected that you will deal directly with any condition which exists today, but that you may be fortunate enough to find such ways as will avoid the repetition of these deplorable conditions."

"The conference will meet at a place to be hereafter designated in this city on the first of December next."

## PLAN TO PUT TREATY INTO FORCE DECEMBER 1

Paris, Nov. 20.—In French official circles, however, although there was disappointment over the American senate's adjournment with the treaty situation still unsettled, no surprise was expressed and it even seemed that the event had been expected. Apparently the situation had been discussed and measures taken in advance to meet the possibility of the senate's adjournment.

His view seems to have prevailed, the council expressing the opinion that it would be desirable to put the treaty in effect on December 1. In this connection, the French foreign office was aware of the probability that the American senate would not meet again before the first week in December.

## NEWARK NOW HAS 37,000 PEOPLE DIRECTORY SHOWS

New List of Residents Shows Estimate of 33,900—New Territory Gives City 3000 More.

Newark now claims 37,000 inhabitants. The new population estimate is based on the new directory issued today by H. L. Folk and Company. The directory has listed 13,950 homes. Multiplying this number by 2.5, which multiple is accepted as reliable in order to include in the population the names of individuals not accounted for in the enumeration, the result is a population of 34,875. As the names for the directory were solicited before the county commission extended the city limits, there are over 3,000 names to be added to those listed, giving the city a population of approximately 37,000.

This is a steady gain since the last official census in 1910 when Newark had a population of 25,900 and the last estimate of population of 32,000 which was based on the school enumeration.

The conservativeness of the estimate is borne out by the scarcity of dwelling houses, it being almost impossible at the present time to find a vacant house, although much building has been done during the period of the ten years.

## TREATY FAILURE HITS STOCK MARKET HARD

New York, Nov. 20.—Further liquidation at the opening of the stock market today was attributed in some quarters to the senate's rejection of the peace treaty.

Automobiles dropped six points and other motors one to three. Declines of one to two points occurred in oils, steels, equipments and shippings.

## TOLEDO IS GIVEN OPTION ON LINES

Street Car Company Willing to Sell Properties to City at Capital Value Plus 10 Per Cent.

Toledo, Nov. 20.—Liberal provisions for municipal ownership of the street railway system here will be embodied in the city's new charter, which will be submitted to the people as one basis for the traction dispute. Such is the intention as announced today by Mayor Cornelius Schreiber. The city executive added that the city would purchase the property by paying the capital value, plus ten per cent and assuming the obligations, liabilities and indebtedness of the company.

Work was resumed on valuation of the property today.

Toledo has been without street car service since November eighth when the city of New York took the cars into its hands, after the city council had approved by a vote of 10-9, a proposal by the people of an ouster ordinance.

City officials today announced that street car lines are being purchased to be sold to the city in the old Swissler block, the work was done by the cars.

## MAYOR SEEKS TO HURRY SHIPMENT OF GOODS

Mayor Atherton, up until this morning had had nothing regarding the three car loads of army goods which were supposed to arrive in the city yesterday. The railroad company stated that they had not been billed out of Columbus and the mayor went to Columbus today inquiring why the goods were being held up and not shipped according to promise. If they arrive this evening or early Friday they will be arranged at once so that the military stores in the city will be ready to be shipped out.

The cars do not arrive until Saturday the store will not be opened until the first of the week. The value of the commodities ordered by the mayor is between \$10,000 and \$12,000.

**JUDGE PECK SWORN IN.**  
Cincinnati, Nov. 20.—John Weide Peck yesterday was sworn in as judge of the United States district court here to succeed the late Judge Howard Hollister. Judge John Sater of Columbus administered the oath.

Middlebury—Ray Fisher, Cincinnati Red natcher, signs contract to coach Middlebury college baseball and basketball teams.

## CONGRESS SPENDS THREE BILLIONS IN SPECIAL SESSION

Many Important Laws Are Passed In Six Months Just Ended.

**TREATY DEBATE WAS CHIEF FEATURE OF HISTORIC SESSION**

Contest Between Senate and President Most Bitter In History.

Washington, Nov. 20.—While consideration of the treaty of Versailles was the outstanding event of the first session of the sixty-sixth congress—the first in six years in which Republicans have controlled both branches—considerable important legislation was completed and many other measures prepared for disposal when the regular meeting begins December 1.

The session closing today was an extraordinary one convened May 19 under a call issued from Paris by President Wilson, to consider primarily the appropriation bills which failed at the session ending last March 3.

Among the principle legislative achievements were:

Submission of the woman suffrage constitutional amendment to the states for ratification. The Amendment resolution was adopted 394 to 89 by the house as its first legislative act and by the senate June 4, 56 to 25.

The prohibition enforcement bill, providing for enforcing war time and constitutional prohibition, passed over President Wilson's veto.

The act repealing the daylight savings law also passed over the president's veto.

Providing for return of telegraph, telephone and cable lines to private operation.

Continuing government control of dyes to January 15 next.

Extension of the Lever food control law to include other necessities and penalizing hoarding and profiteering.

Providing for demobilizing the army to a peace basis of approximately 300,000 men, pending permanent peace time legislation.

Authorizing completion of the government railways in Alaska.

Continuing war time passport restrictions to prevent an influx of radical aliens.

Ten appropriation bills aggregating about \$3,000,000,000 also were passed. The included \$750,000,000 for the railroad administration, \$750,000,000 for the army, \$216,000,000 to the navy and a sundry civil budget of \$513,000,000. Numerous minor bills and resolutions also were enacted.

The German treaty so engrossed senate attention that it shut out consideration of much legislation. Senate discussion of the treaty began May 23, but the document itself was not submitted by President Wilson until June 16. Committee hearings and consideration required two months, the report with 14 reservations being made to the senate September 10.

Deliberations on the treaty invoked one of the most bitter and prolonged contests between congress and the president in American history, with the controversy centered largely about the League of Nations covenant.

## OPERATORS OFFER 15 PCT. INCREASE TO MINE WORKERS

Also Grant 20 Per Cent. Increase Over Existing Day Scale If Miners Return to Work at Once.

Washington, Nov. 20.—An increase in wages of 15 cents per ton and 20 per cent over the existing day scale, to become effective immediately the bituminous coal miners return to work, was offered by operators at a meeting today of the wage scale committee in the central competitive bituminous field.

In announcing the offer Thomas T. Browder, chairman of the operators' wage scale committee said the operators had proposed the existing working conditions be continued and that the contract be operative until March 31, 1922.

John L. Lewis, acting president United Mine Workers of America, declared the increase was totally inadequate, adding that the miners had not assumed the offer had been made serious by operators.

Proposed increases in the price of miners' supplies which would absorb practically all the wage advances.

Nothing was said about reducing hours although the miners had demanded a 30-hour week. An increase of 15 cents a ton, it was explained, would be an advance of 20 per cent over present wages for machine mining as compared with the 60 per cent increase demanded by the workers.

**Washing Won't Rid Head Of Dandruff**

The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this, get about four ounces of ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

Do this tonight, and by morning, most if not all of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it; no matter how much dandruff you may have.

You will find, too, that all itching and digging of the scalp will stop at once, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.

You can get liquid arvon at any drug store. It is inexpensive and never fails to do the work.

**BOARD INSPECTS COLLEGE DEPTS.**

Thirty Members of Board Attend Sessions at Granville—Are Entertained at Marsh Hall This Morning.

Granville, Nov. 20.—Thirty members of the Denison board of trustees attended the Wednesday afternoon and evening sessions held in Marsh hall and were guests of the college at the 5:30 o'clock dinner at the Commons club with headquarters in that historic old building. Breakfast this morning was served in Marsh hall and the trustees spent two hours in the inspection of library, laboratory and classes in operation. At 10 o'clock automobiles conveyed the party on a trip over the old and new campus. Lunch at Shepardsen Commons followed the chapel exercises in the Baptist church and at 1:45 the guests were taken to their trains in automobiles. The result of their deliberations have not been given out.

J. T. Francis, superintendent of school in Columbus, has given his unqualified endorsement to the Denison university plan for a state-wide oratorical contest, in which high school students may compete for three free scholarships at Denison, aggregating in value \$300. In a letter received by the committee at Granville, Mr. Francis writes:

"I have read with interest the plan under which you propose to put an oratorical competition at Denison university. I commend the plan as one that should develop much interest in this very important phase of high school work. I hope you are arranging a movement that is destined to become far-reaching in the state, and I wish you great success in the undertaking."

Numerous letters from prominent educators throughout the state, similar in purport to the above, have been received by the committee within the last two weeks, following the announcement of the contest made recently through the newspapers. Quite a few Denison alumni, prominent in the teaching profession, have expressed their heartiest interest and are volunteering their services toward the success of the project.

Neat posters adorn the show windows of the business block, announcing that "D" men of Denison have pre-empted the evening of December 6 as the date of a banquet to be held in Hotel Warden, Newark. For the first time in the history of the athletic association the wearers of "D" have invited ladies to the annual dinner. Prof. C. D. Dickman of the Denison school of journalism, who has consented to act as scout master of Troop 1, Granville Boy Scouts, has mobilized two patrols of eight members each, and on Tuesday he registered 14 boys with Scout Executive K. L. Brown. The troop committee is composed of Rev. E. Breeze, Rev. R. G. Bowden, Dr. T. A. Lewis and Coach Edison Rupp of Denison. Assistant scout masters are Charles Olney, a student from Waltham, Mass., where he was active in the work, and G. W. Bennett, an Eagle scout, who has been awarded 24 merit medals and who is entitled to wear a special insignia. The organization will meet once a week in Red Cross headquarters in the afternoons. Their activities will be the making of uniforms going on Saturday hikes and probably some work for community welfare, such as patrolling the streets and seeing that they are kept clean. K. L. Brown, scout executive of Newark, Granville, will be in charge of the boys in the afternoon, remaining as dinner guest of Prof. Dickman. He spent the evening with the committee at which time the organization of the Boy Scouts in Granville was perfected.

Altamaha lodge, K. of P., is enjoying quite a boom in membership this fall. There was work in the Esquire rank Wednesday night when five candidates took the degree, and there will be work every Wednesday this term. There are already 21 candidates and more prospective ones that are anxious to join. The social union of the Baptist church in addition to its duties in caring for the church and promoting sociability among its members, is engaged in White Cross work. On a rush order a barrel was packed and sent last night under supervision of Mrs. J. M. Bartington, which contained new clothing, surgical supplies and several pieces of second hand clothing as good as new. This order is to go to Belgium. The work is organized with Walter J. Livingston in charge of the overseas work, belonging to the social union and Mrs. J. M. Lockhart of the overseas work in the hands of the nursing organization. Mrs. Theodore Johnson is councillor of the White Cross for the central district of Ohio, comprising eight associations and about 40 churches.

Rev. Harry Topping of Japan will arrive Thursday morning from Chicago, where he will join Mrs. Topping at the home of Prof. and Mrs. Theodore Johnson.

Mrs. M. E. Stickney plans to leave Friday for a visit of three weeks at the home of her brother, Dr. Carleton Bell. Mrs. Stickney will accompany her mother, Mrs. B. W. Bell of Mt. Vernon.

Miss Ruth Hopkins, who has been in Winston, N. C., in charge of a home for factory girls, has returned to Granville for a visit of indefinite length with her parents, Mr. and Mrs. E. B. Hopkins. Miss Hopkins suffered from an attack of influenza last spring and will not return south until her health is firmly re-established.

Rev. and Mrs. H. Vernon of Norwalk were week-end guests of Mrs. Ella Frazer.

The fortnightly club omitted the regular program Tuesday evening and devoted the time to rehearsal of the "Passing of a Bill" to be presented Tuesday evening, December 2.

Mr. and Mrs. J. S. Jones returned Monday from a visit to New York and Philadelphia with a side trip to New Haven to witness the football game between Yale and Princeton.

This morning for a business trip to New Lexington.

Mrs. Alta McEwen, who has operated a beauty parlor in Newark for several years, has opened rooms at Granville to serve her Granville patrons. Rooms in the old Hotel Granville over Geach's hardware store have been tastefully furnished.

**SUNDAY SCHOOL LEADER SPEAKS HERE FRIDAY**

At the First Baptist Friday night at 7:30 o'clock a Sunday school conference will be held in the social room of that church. Miss Mason, a Sunday school conference worker from Philadelphia, will be the chief speaker. W. A. Holmes, of Granville, will be present and introduce her. Mr. Holmes is known as one of the best Sunday school leaders in the state, and it is through him Miss Mason comes to Newark. She will be here over Sunday and will hold another conference on Sunday afternoon.

NOT a suit in the entire stock that is not worth a great deal more than its present price—

Not only hand tailoring—but expert hand tailoring—Is a dominant factor—as every woman who recognizes "set" and "look" knows! And ENOUGH styles to give every woman her preference—a perfect suit WITHOUT furs; or a perfect suit WITH just the right fur trimming—Linings cleverly slipped in—Crow-toes, and Arrow-heads, and those queer blunt hand-motifs that are perhaps the newest of all—And everything "In keeping" with the lovely aristocratic suitings—

The duvet-delaines—the tinsel-tones—the tricotines, the bolivias—the peach blooms—the supple velveteens. Wonderful color range—including strong browns and bright browns and hite "good" blues and black.

WONDERFUL VALUES!

DESPERATE—You need no longer dread the taking off of superfluous hairs. It can now be done as easily as bathing the face. It is wonderful to see every superfluous hair just shrivel up and come right off by maintaining the hairs with auto solution. It leaves the skin smooth, clear and clean, as though there had been no superfluous hairs at all. This is the way it is done by those who know. It's all done so quickly, and it can be used with perfect safety, no matter how thick the hair growth, or how delicate the skin. Use it in armpits, on face, shoulders, etc., and you will at last rid yourself of superfluous hair. The auto solution can be secured for one dollar at any drug store.

MISS MUDDY—The most wonderful result that anybody can imagine in beautifying the skin is produced by the following extremely simple formula. Even on bad complexions, such as you say you have, I have seen miraculous results in only a few days. You cannot fail to make your skin absolutely spotless and lily-pure, by the liberal application of a cream, made at home, by using two tablespoonfuls of glycerine and one ounce of zinc oxide in a pint of water. Get the zinc oxide at any drug store, it will only cost you 50 cents. You will neither want nor need any other beautifying cream but this.

MISS Z. O. C.—I wish I had known it before. I could have saved you three years of misery. My dear, you can get rid of all those blackheads in a few minutes by sprinkling some powdered norexin on a wet sponge and rubbing it over the blackheads. It works, every time! Enough norexin can be gotten at any drug store for 50 cents to last a long time. You'll be happy again, poor girl, and you'll forget you ever had those humiliating little pests.

## SAVING RESULTS OF WAR.

America and her allies won the war, but can they preserve what they won?

Over in Europe Germany is feeling her way to see how much the allied powers will stand. She is attempting to terrorize the Poles and Silesia, so that they will submit to vote for re-union with Germany. Her troops still remain in the Baltic province, which she seeks to dominate. She is making her plans to control Russia.

In this country insidious propaganda is heard everywhere to create hostility against all the allies with whom the United States was recently associated.

Many people keep insisting that Germany was treated too harshly in the peace treaty. In so far as those people are sincere, they need to go over and take a look at the French and Belgian devastated districts. Let them see tens of thousands of fruit trees deliberately saved off by the Germans. Let them look at mines ruined for a dozen years by blowing up bombs in their galleries and by letting rivers into them.

Let them go into the factories which were handicapped for years by stealing their machinery. Let them look at the dwellings of millions of people systematically levelled to the ground. Let them see with their own eyes how those people tried to put France and Belgium out of business for a generation.

Then let them go into Germany and see their comfortable and untouched cities, and their factories all ready to go in with a 10 year start over the ruined industrial districts of France and Belgium. After they get through, ask them of Germany got enough?

The powers recently associated to fight Germany must stand together to preserve the results of this war, and must not permit any trifling. Otherwise it will have to be fought over again.

If there any district schools or boards of trade or young ladies seminaries that have not invited Gen. Pershing to address them, they should hurry up or he may feel hurt.

Some people are worrying because the railroads are so congested and if the railroads weren't congested the same people would be worrying because no business was being done.

People who maintain bad smelling accumulations around their houses should be reported to the internal revenue man as not paying the legal tax on perfumery.

When the evening gowns are said to display some new and startling feature, it commonly means that some previously concealed bone is now revealed.

It was a very useful thing to have the peace treaty read in the senate, as the throats of the senators were getting both tired and dry.

The kickers are complaining still about the sugar shortage, but the American people don't care as long as they get their candy.

The automobile learners of Newark need not feel they must stand with both feet on the accelerator in order to get their practice.

Furs going up 20 per cent. This comes hard on the girls who need them so badly through the hot weather.

Why worry about strikers? There are a lot of people in great need of a vacation.

The only non-union painting tolerated nowadays is the kind the girls do.

## PREVENTIVE MEASURES.

Speaking at an educational conference a few days ago, was emphasizing the idea how much easier it is to raise money to alleviate the results of evil, than to remove the causes thereof.

If some poor little neglected girl goes wrong, remarked the lecturer, you can easily enough find some one who will provide the money to help her through her trouble. But the same person might not be willing to give a cent to establish a community center where young people can grow up into clean living.

A multitude of young folks are constantly getting discontented with the quiet lives of their homes and drifting out into the world, "to see life," as they put it. They want something doing, and they rebel from the daily round of study or work. Now a great deal of this craving is innate in youth and perfectly legitimate. If it is not satisfied in some healthy way, the young person will find some other means of satisfying it.

Every town should have some means by which all the young people of that community can have the healthful social life that they crave. The model town will have some form of a community center or club house, with intelligent and careful supervision, where there shall be dancing and games and dramatics and sports and everything necessary to give young people the activity they need.

The people who maintain vacant lots covered with weeds and refuse that disfigure the whole neighborhood, are often the same ones who complain the real estate does not sell at better prices.

Among the people who are signing peace treaties with reservations, are the brides who are promising to obey their husbands.

While the Reds are agitating on soap boxes, their wives are at home getting red in the face splitting up the kindling wood.

## NEWARK MAN NAMED PERRY CO. FARM AGT.

R. M. Gardner, assistant county farm agent for Licking county, has been appointed Perry county's first farm agent. He will assume his new duties December 1.

Mr. Gardner lives at 233 Lawrence street has been located in Newark since September 1. He was graduated from the agricultural college of Ohio State University, and has been specializing in agricultural work for five years. He was appointed upon recommendation of the agricultural extension department of Ohio State, and will be provided with offices in the court house at New Lexington. He will have \$3100 with which to operate the first year, out of this fund the salary, office and traveling expenses of the agent will be paid.

Mr. Gardner will spend a few days next week in Perry county locating his family. His first work there will be assisting in conducting farmers' institutes.

## PHARIS FACTORY TO BE DOUBLED; COMPANY OFFERS AN ATTRACTIVE ISSUE OF STOCK TO THE PUBLIC

The Pharis Tire and Rubber company, now employing a large force of people in the manufacture of automobile tires at the Pharis plant here in Newark, is about to enlarge its factory which means, new construction, a larger force of employees and a greater output.

The Pharis company was incorporated seven years ago for the purpose of building rubber tires and inner tubes. The experimental stage was passed within a year and since 1914 the product of this factory has been profitably marketed.

The Pharis factory is located almost

in the heart of the city—six blocks from the court house, the central location making easy accessibility to shipping facilities and labor. The plant is located on the banks of a good live stream of water which is of great advantage.

The company's property has a continuous frontage of 1280 feet on West Main street and covers an area of 4-1-2 acres—about the same size as the Newark court house park. The ground is of sufficient size to care for the production of 10,000 tires daily.

Contractors are now figuring on the construction of a three-story, brick and steel building of 35,000 square feet, which will practically double the company's floor space. In addition a new power plant will be built and new modern equipment will be installed.

The Pharis company's statement shows a surplus of \$150,000 which has been accumulated out of the earnings of the past five years. This of course is in addition to the dividends paid to stockholders during that period. The company has been so successful in the early period of its life, operating in a comparatively small way there is no reason to doubt that its prosperity will be enhanced greatly through improved facilities and greater production.

The Pharis has total assets of \$358,000 and in order to provide for doubling its plant will now issue \$250,000 preferred stock at par. This is an 8 percent non-taxable, cumulative stock, callable as a whole or in part at the company's option upon 30 days' notice after January 1, 1921, at 105 and accrued dividends. This stock is exempt from general property tax in Ohio and dividends are exempt from the present normal federal income tax. The company agrees that its net quick liabilities will at no time be greater than one-half of its assets, and further agrees that no mortgage will be placed upon the property while this issue of preferred stock is outstanding.

A. R. Lindorf, the well known dry goods merchant and president of the Newark National Bank, is president of the Pharis Tire and Rubber company. Mr. Lindorf's associate, C. H. Otto Meyer, is the vice president; Charles O. C. Lindroth is secretary, Ralph S. Wyeth, treasurer, and Carl Pharis, manager. The Newark Chamber of Commerce is keenly interested in the growth of this successful industry and will lend every possible assistance. Every one of the five Newark banks is taking an active and friendly interest in the matter and each has arranged to take subscriptions for Pharis stock.

Seldom does such an opportunity come to Newark and Licking county investors. The mails are flooded with offerings of all sorts, many promising greater returns, but few have the substantial backing that is offered with this new issue of Pharis stock.

An eight percent non-taxable stock put out by a substantial growing concern whose statement shows real worth is an attractive proposition. Already the company has received applications for some large blocks of stock and the present stockholders without exception are increasing their holding in the company.

There is little doubt that the entire issue will be subscribed quickly and it will therefore be to the advantage of those having money for investment to act quickly. Further details will be furnished by any Newark bank or by officials of the Pharis Tire and Rubber company.

The action taken by this institution in deciding to double its plant and output marks another important step in the industrial development of Newark.

### Companionship.

No man of depth and serious thinking can endure the constant chatter of the shallow pated. Courtesy makes endurance for a time possible, but such people can't mix in life for more than a few moments at a time. When you see people together enjoying intimate friendships you can put it down, they are much alike. They may be opposites in some things but they have much in common. You can't be much in the other man's company without becoming charged with his thoughts and mannerisms. These become part of yourself as you permit them to engage your thoughts and actions. Your companionships are the best index of the things that appeal to you.

### Dust to Check Explosions.

Perhaps the oddest, yet one of the most effective, means for preventing—or, at all events, minimizing—disasters in coal mines is the use of rock dust. A lot of it is placed on boards hung by chains from the roofs of mine tunnels. Obviously in case of an explosion the boards will swing and the dust will be thrown off. Following an explosion a roaring flame, let us say, is coming through the tunnel. The air is filled with coal dust (or possibly with inflammable gas) to feed it. But it meets a curtain of non-inflammable rock dust (discharged from the board shelves) and is thereby stopped. Rock dust will not burn under any provocation. Suspended thickly in the air, it acts like an asbestos curtain. The flames cannot get through it.

### How Hot Springs Originate.

The deepest coal mine in England is at Killingworth, near Newcastle, and the mean annual temperature at 400 yards below the surface is 77 degrees, and at 800 yards 70 degrees, while at the surface it is but 48 degrees. This explains the origin of hot springs, for at 3,300 yards the heat would be equal to boiling water, taking 20 yards to a degree. The heat of the bath water is 116 degrees, hence they would appear to rise 1,320 yards. Peron relates that at a depth of 2,134 feet in the sea the thermometer falls to 45 degrees, when it is 80 degrees at the surface. Swenson and Pourier calculate the temperature of the celestial spaces at 50 degrees Centigrade below freezing. In northern Siberia the ground is frozen permanently to the depth of 600 feet, and only thaws to the extent of three or four feet in summer. Below 660 feet internal heat begins.

## EX-SERVICE MEN URGED TO RETAIN GOVERNMENT WAR RISK INSURANCE

Howard F. Wilson, secretary of the American Legion, Post 85, has received notice that the director of the bureau of war risk insurance has sent Harry W. Chesley to Ohio and who will have headquarters in the state house at Columbus to assist in establishing better and more efficient service to the ex-service men and their dependents.

Chesley is sent to this district to help solve any problems relative to war risk matters. It is announced that by one in need of reinsurance, the bureau of insurance or think to convert term insurance into the new terms of U. S. government life insurance, will be supplied by Chesley. He will also adjust any cases of adjustment or compensation upon being advised of the facts.

It is the intention of Chesley to visit the local post soon to assist in adjusting all war risk matters. He says that many of the ex-service men have been misinformed or received no information whatsoever and may be entitled to hold on to their war risk insurance and not to let it lapse.

The local Red Cross has received the latest announcement of the war risk bureau in regard to insurance. It is as follows:

To give a former service man whose insurance has lapsed or been canceled a chance to continue their insurance, the bureau has given them 15 months or more, and will not therefore barred from re-insurance under the former rules. So long as the insurance is made up to date, the ex-service man can continue to hold on to their war risk insurance and not to let it lapse.

## DOUBLE BEAUTY OF YOUR HAIR

"Danderine" creates mass of thick, gleamy waves

In a few moments you can transform your hair, dull, limp, greasy, into hair of life. Just get at any drug or toilet counter a small bottle of "Danderine" for a few cents. Then moisten a soft cloth with the "Danderine" and draw this through your hair, taking one small strand at a time. Instantly, yes, immediately, you have doubled the beauty of your hair. It will be a mass, so soft, lustrous and so easy to do with. All dust, dirt and excessive oil is removed.

Let Danderine put more life, color, vigor, and brightness in your hair. This stimulating tonic will freshen your scalp, check dandruff and falling hair and help your hair to grow long, thick and strong and beautiful.—Adv.

## RHEUMATISM LEAVES YOU FOREVER

Deep Seated Uric Acid Deposits Are Dissolved and the Rheumatic Poison Starts to Leave the System Within Twenty-four Hours.

Every druggist in this county is authorized to say to every rheumatic sufferer in this vicinity that if two bottles of Allenru, the sure conqueror of rheumatism, does not stop all agony, reduce swollen joints and do away with even the slightest twinge of rheumatic pain, he will gladly return your money without comment.

Allenru has been tried and tested for years, and really marvelous results have been accomplished in the most severe cases, where the suffering and agony was intense and pitiable and where the patient was helpless.

Allenru relieves at once. Immediately after you start to take it the uric acid deposits, dissolves the secretions and drives rheumatic poison out of the body through the kidneys and bowels.

It's marvelous how quickly it acts. Blessed relief often comes in two days, and even in cases where the suffering is most painful all traces disappear in a few days.

Mr. James H. Allen, the discoverer of Allenru, who for many years suffered the torments of acute rheumatism, desires all sufferers to know that he does not want a cent of anyone's money unless Allenru decisively conquers this worst of all diseases, and he has instructed Evans' Drug Store to guarantee it in every instance.—Adv.

## PLATOS IS READY FOR BOWSER BOUT

Greek Takes 185 Pounds Into Ring To Oppose the Newark Wrestler at 175 Pounds—Good Preliminaries.

Charles Platos, Greek wrestler, is ready for his contest with Paul Bowser at the Auditorium theater tonight. The Greek looks fit to go the route. He has been having some good matches in the East. He weighs 185 pounds. Platos says he has a number of

matches booked in Boston, Washington, Philadelphia, Baltimore and other places where the wrestling game has again come into prominence. He is said to have a style of attack and defense entirely different from that seen here in the last few matches, and his work is aggressive, fast and furious.

Bowser knows that he will have an opponent of no mean ability, and for that reason he has trained all the harder. He took his last road work yesterday morning and had a workout at the gym in the afternoon. Bowser weighs 175 pounds and is in the pink of condition.

Billy Gallagher is matched with Tom Polous, another Greek, weighing 150 pounds, the Newark boy weighing 148. This will be a 30-minute affair, best two falls in three.

The curtain goes up promptly at 8:15, two well known light weights being the first number.

## BASKETBALL MEN HOLD FIRST PRACTICE AT Y.

Twenty-five men representing three industrial teams, practiced for an hour each on the Y. M. C. A. floor Tuesday night in preparation for the games next week.

Last night the Holophane team had the floor for one hour, and from 8 to 9 Burke Golf basketball men used the floor.

Wehrles will practice Friday night from 7 to 8, and Midland Shoe will practice from 8 to 9.

Saturday afternoon and evening is open for the industrial teams; Helseys having already signed up for the floor from 4 to 5.

The American Motor Truck squad will practice Thursday night from 6 to 7.

Each team having the privilege of two weeks' scouting before the eligible list of players is sent in, there should be a lot of surprising basketball material uncovered. Already ex-high school stars and ex-college stars have found their way in on the squads, and before the first round of play is completed, there should be some lively contests. It is evident that no team will permit any game to be lost through carelessness at the beginning of the season, as was shown in the Twilight league last summer.

## EIGHT TEAMS ENTERED IN BASKETBALL LEAGUE

The factory basketball teams entered in the Industrial Basketball league are all set for the opening of the league next Tuesday night. The Wehrle team is the last to enter the league. The other teams are: American Bottle Co., American Motor Truck, B. & O., Burke Golf, Helsey, Holophane and Midland Shoe Co.

The league schedule has been arranged for the season, placing Helseys and the American Motor team for the opening game. The B. & O. will play the Midland Shoe company the second game on the opening night.

The second night of play, which will be on Wednesday on account of Thanksgiving, has scheduled for its first game, Holophane vs. Wehrle; second game, Burke Golf vs. American Bottle company.

Owing to the repairs necessary on the high school gym, it is uncertain just now whether the opening games can be played there. If not, the opening games will be played off in the Y. M. C. A. gymnasium. The league schedule starts Tuesday night, Nov. 23, and runs until April 15.

H. W. MacKenzie, jeweler, 51 North Third street, has ordered a silver trophy cup, which he will present to the winning team in the Industrial Basketball league.

A small admission fee will be charged to the league games, to be applied to the expense of running the league.

## Wounds From Rusty Nails Dangerous

Serious results, through blood poisoning, often occur from scratches, cuts or wounds from rusty nails or other metal. Don't run this danger. Protect yourself by having a bottle of Houstonia always at hand.

Dean McKillip, well-known farmer of Clark Co., Ohio, says: "I stepped on a rusty nail which extended halfway through my foot. I applied Houstonia to the wound and bandaged the foot. In a short time the pain got easier. After five days I did not limp and the wound healed nicely. People who use Houstonia for such injuries do not need to fear blood poisoning."

Houstonia (The Original Jones' Liniment) may be freely applied to open cuts, sores or burns without fear. It soothes while it heals. At your druggist. 25c, 50c and \$1.00 sizes. Be sure you get the genuine House-tone-e-ah with Dr. Jones' picture on the yellow wrapper. The Dr. J. C. Jones Co., S. Charleston, O.—Adv.

### LABOR SOLON RAPS RADICAL ELEMENTS

Youngstown, Nov. 20.—Opposition to government ownership of railroads and to the Plumb plan of employees' representation is voiced in a letter received here today from Representative John G. Cooper, Youngstown who was a locomotive engineer for 10 years and still holds a union card. Mr. Cooper defended the Esch railroad bill, recently passed by the house, which he helped to frame.

In regard to radicalism, Mr. Cooper said: "I do not believe that law abiding American workmen should be made to suffer because of the activities of radicals. I believe that a strike is a clumsy weapon and should never be used except as a last resort."

## ELKS GET READY FOR ANNUAL SHOW

Dr. Lewis Heads Minstrel Committee and His Aides Are Picked By Exalted Ruler Mandel Brashear.

Dr. J. T. Lewis heads the Elks minstrel committee for this season, his associates being Harry D. Hall and R. Cooper, Exalted Ruler Mandel Brashear naming them at a largely attended meeting of the order held Tuesday evening. He also named Gus Weigand, George M. Foubert and A. P. Hess as a special program committee and Homer Jones in charge of the advertising and printing. Charles Dean, W. C. Wells and W. H. Hohl will have charge of the entertainment feature.

While no plans have been announced it is the intention of the committee to make this year's minstrel more pre-eminently than any other staged by the local lodge. It will be more elaborate than ever before and the greater part of the talent will be selected from the lodge, consisting of well known Elks who are capable of taking leads. There will be some outside assistance of young men who will soon be eligible to become Elks. The minstrel will be staged early in February.

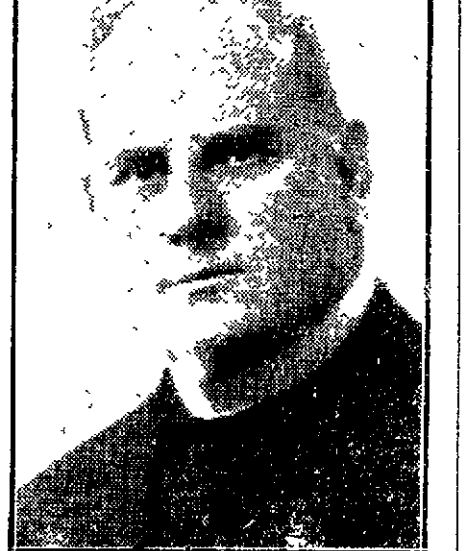

Plans are under way for a big entertainment and banquet to be held in December and at this meeting funds will be raised for the annual Christmas cheer for the city's unfortunate. It is also hoped to take care of the ladies in a substantial manner, and the Elks are asked to bear this in mind and save their nickels, dimes and quarters toward this worthy cause. The greater portion of the minstrel receipts will go toward charity for the approaching year.

The people of Newark do not know, perhaps, the good the order does for Elks do not shout it from the housetops, but there are many families in Newark which could testify to the fact that their children are going to school because the Elks made it possible. Many a basket of delicacies finds its way to the sick chamber and scores of baskets of provisions find their way into the homes of the less fortunate. The citizens of Newark make this possible by their patronage of the annual minstrel entertainment.

## ACTOR-EVANGELIST COMING TO NEWARK

Robert Downing, who will be remembered by Newarkites for his splendid acting a number of years ago in "The Gladiator," "Jingling," "Spartacus" and "Damon and Pythias," but who for a period of a little over ten years was a minister of the gospel and did evangelistic work, has left the pulpit for the stage and is now playing Joe Morgan in "Ten Nights in a Bar Room."

Downing and his company come to Newark for two performances on Thanksgiving Day, and he extends an

ROBERT DOWNING

invitation to every minister in the city to call at the box office and secure a reservation for the great temperance play which with Downing in the leading role has had great success in New York, Brooklyn, Baltimore, Buffalo, Cleveland, Indianapolis and other large cities.

Downing married the emotional actress, Eugene Blair, who was also a great favorite with the American public. He has played in this city on several occasions.

## MEN AND WOMEN ARE NO OLDER THAN THEY FEEL

One of our leading doctors says, "Everyone, no matter what their age, can be healthy and strong. It is a case of take care of yourself."

"For want of Iron and Phosphates you may be old at thirty, nervous, thin, weak, and all-in, while at fifty or sixty, with plenty of Iron and Phosphates in your blood, you will feel young, full of life, vim and energy."

"Many a man and woman who ought to feel young are losing out simply because their blood and nerves are starving for want of Phosphated Iron. Lack of Iron and Phosphates makes men and women old long before their time, weak, run-down nervous wrecks."

"You will find that the strong, keen, forceful, successful men and healthy, rosy-cheeked, happy women are those whose blood and nerves are charged with Iron and Phosphates."

"Phosphated Iron makes new, rich red blood; renews nerve force and vitality, and increases my patients' strength and appearance one hundred per cent. Thousands of men and women who were 'all-in' have 'come-back' with astonishing health, strength and happiness by taking Phosphated Iron."

Phosphated Iron is put up in capsules. Do not take inferior pills or tablets. Ask for Phosphated Iron capsules. For sale by

## One Dessert Free

Pineapple Juice

Comes condensed in a bottle in Pineapple Jiffy-Jell. We use the juice of half a Pineapple to flavor a pint dessert

Loganberry Juice

Comes condensed in a vial in Loganberry Jiffy-Jell. You get the juice of many berries in a pint dessert

### A Real-Fruit Dessert For Six People

This is an offer to buy you this week a Jiffy-Jell dessert for six people.

Many housewives don't know what Jiffy-Jell means to them. They know the old-style quick desserts, but not the new.

Jiffy-Jell brings you real-fruit flavors—not the artificial. Each package contains a bottle of fruit juice condensed.

We crush the real fruit, and much of it, to flavor a Jiffy-Jell dessert. A Jiffy-Jell dainty seems filled with fruit. Here you get fresh-fruit delights. And you get its healthful acids, needed every day.

### Try One Fruit Free

Present the coupon to your grocer this week. Buy two packages of any flavor and he will give you a full-size package of Jiffy-Jell in Loganberry or Pineapple flavor free. We will pay him for the free package. This will give you three packages for the price of two.

Jiffy-Jell comes in many fruit flavors, but the choicest are Loganberry and Pineapple. You will find in each package a bottle of the fruit-juice flavor in liquid form, condensed.

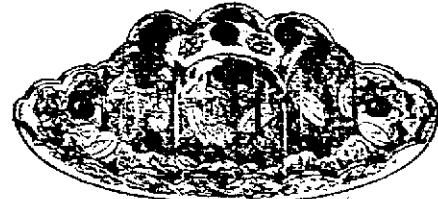

The Jiffy-Jell mixture is ready-sweetened, acidulated and in proper color. Simply add a pint of water as directed on the package, then the flavor from the vial, and let cool.

See what you get—a real-fruit dessert for six people. It will have a wealth of fruit. It will change your whole conception of quick gelatine desserts.

Note that this offer is made on two flavors—on Loganberry and Pineapple only. Your grocer has no right to offer another. We want you to know Jiffy-Jell at its best.

Then always remember that this real-fruit dainty is ever at your command. It will bring you the joys of real fruit. And it will cost you, when you buy it, only a few cents per dinner. It will cost you less than the fruit alone which we use to make the flavor.

This offer is for this week only. Cut out the coupon now. If your grocer lacks the flavors mentioned, go to another store.

## ABOLISH "CHECK-OFF" SYSTEM IN MINES

Charleston, W. Va., Nov. 20.—Interest in the West Virginia coal strike situation today centered in the unionized New River fields where hundreds of miners who returned to work recently were reported to be leaving the mines.

The first report of dissensions among the New River miners came yesterday when men who walked out reported that company officials had served notification that employers had abolished the "check off" system, whereby the various concerns collected from each union member's wages, all union dues owed by the men to their locals. The "check off" was a great convenience for the miners and union officials.

Later some of the operators stated that New River and Kanawha mines were operating at 85 per cent of normal and that conditions continued to improve in the northern fields of the state.

## PRESBYTERIAN LEADER TO BE HERE FRIDAY

Dr. W. S. Holt, associate general secretary of the Presbyterian Board of Christian Education in America, will be an important factor in a series of Presbyterian institutes to be held in Newark, November 21.

These new Era institutes are designed to convey to the individual members of each church the full significance of the Presbyterian New Era program which has for its watchword "The whole Church marshaled behind its whole task with a specific task for each member."

Dr. Holt was for many years a missionary among the Chinese.

## WELFARE WORKERS CONCLUDE SESSIONS

Cincinnati, Nov. 20.—The concluding day of the meeting of the Ohio Welfare conference was principally devoted to the discussion of reorganization plans. One of the proposed changes provides for the increased number of sections into which the conference is now divided. Further problems of the welfare worker also were discussed.

## SHRAPNEL BOMB IS THROWN INTO STORE

Youngstown, Nov. 20.—A shrapnel bomb exploded in a store and dwelling of Giuseppe Amondoro, blew out the front of the store and scattered shrapnel over the neighborhood early today. An attempt was made to dynamite the building some weeks ago. Police suspect blackmail.

## PEACE CIRCLES SURPRISED AT TREATY'S FAILURE

Paris, Nov. 20.—The adjournment of the United States senate for the session without ratification of the peace treaty created much surprise in peace conference circles, as dispatches from Washington had suggested that some compromise was probable. Henry White of the American delegation received the news from the Associated Press while he was attending the supreme council session today. The members of the council after adjournment withheld comment.

## COLORADO MINERS OUT STRIKERS NOT TAKEN BACK

Denver, Colo., Nov. 20.—Colorado's second coal strike within the month officially began this morning. The strike was called by George O. Johnson, district president of the United Mine Workers of America because of allegations that not all the striking miners had been taken back to work. The chief grievance of the miners was with the Colorado Fuel and Iron company, largest producer in the state, which announced recently that all men would be taken back except those active in promoting the recent strike.

### Last Night's Show.

The Smarter Set company presenting a two-act comedy, "The Children of the Sun," played a fairly good house last evening at the Auditorium theater. The stars of the play were Salem Tutt Whitney and J. Homer Tutt and they had much clever comedy. There was a good quartette and a chorus of sprightly girls.

The play of two acts was in eleven scenes and it gave much opportunity for a varied display of costumes. The cast of twenty-four people could sing and they furnished a program of twenty-two numbers. The dancing specialties were clever and all present at the performance were pleased with the entertainment.

Heat in your engine causes sediment.

Sediment causes a definite loss in power, as well as increased cost for oil and worn parts in your engine.

The increased cost may not be immediately evident, but it is certain.

Veedol prevents formation of sediment because it resists heat.

The Faulkner Process, used exclusively in the manufacture of Veedol, causes 80 per cent less sediment. This has been repeatedly proven in scientific and practical tests.

Veedol will reduce the upkeep of your car. Try it the next time you buy motor oil.

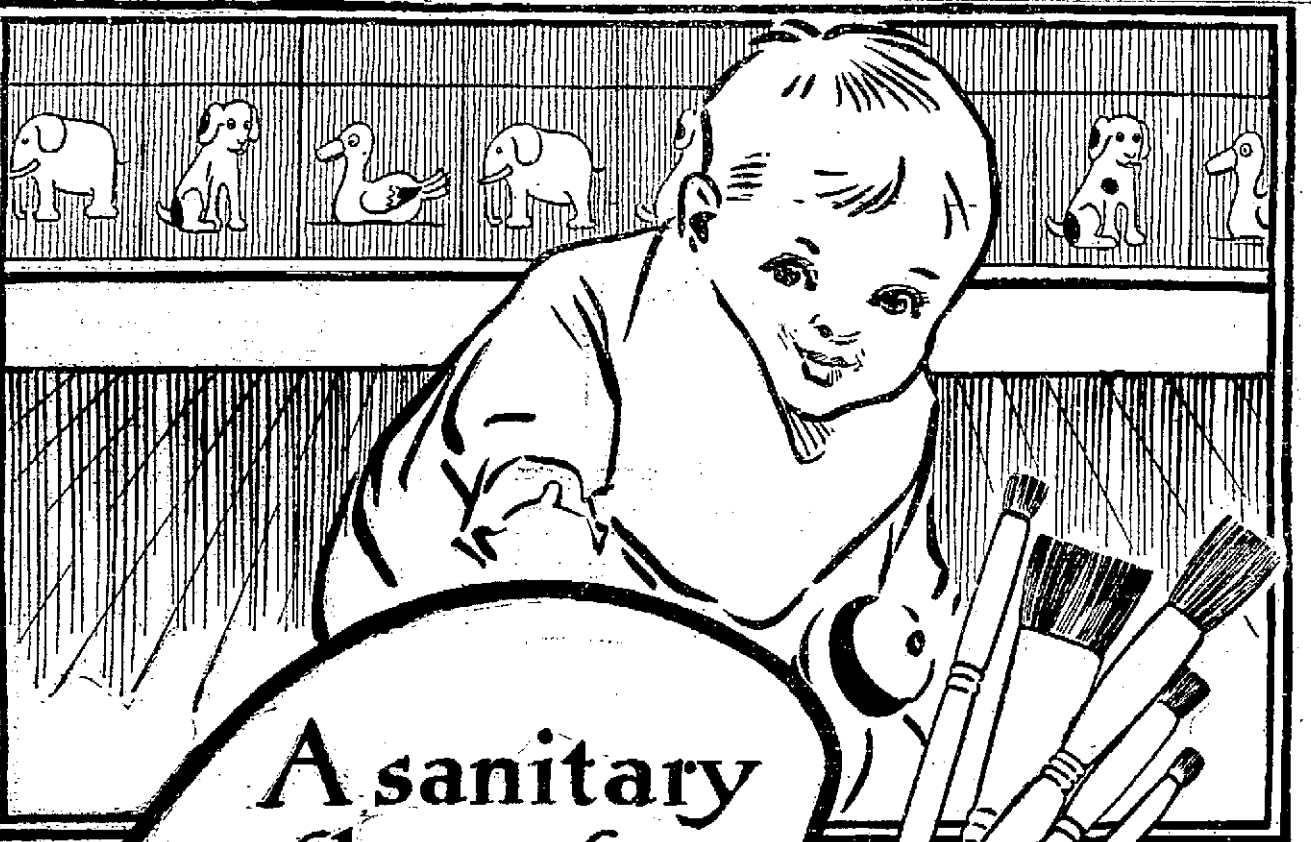

We carry a complete stock of Veedol Oils—Light, Medium, Heavy and Special Heavy—in one-gallon cans, five-gallon cans and barrels.

## Take a Winter Trip Through Summer seas to

# Hawaii

## Halfway to the Orient, and still in U.S.A.

Picture a perfect May day—multiply it by 365—that's the year in Hawaii, the Island Paradise of the Pacific.

Add tropical forests where grow the coconut and royal palm, the banyan and the hau, and strange flowers of many hues. From coral islands thus carpeted, rise volcanic mountains two miles skyward right out of the sea.

Here are spectacular volcanoes—the ever-glowing ruby of fiery Kilauea and the largest of earth's craters, Haleakala—easily accessible to the very brink. These areas are in the Hawaiian National Park, established by the United States Government.

Waikiki Beach offers winter surf-bathing in sunny waters. Honolulu, the capital of the islands, is a modern city, in the midst of a native civilization centuries old.

All at the end of a trip by land and sea unique in all the world. After seeing California, you board a luxurious steamer at San Francisco, and are at Honolulu in about a week, after a delightful cruise.

Travel to Hawaii is heavy; you should reserve passage well in advance to insure getting accommodations desired.

"Hawaii National Park," and "California for the Tourist," and other resort booklets, on request. Let the local ticket agent help plan your trip—or apply to the nearest Consolidated Ticket Office—or address nearest Travel Bureau, United States Railroad Administration, 646 Transportation Building, Chicago; 143 Liberty Street, New York City; 602 Healey Building, Atlanta, Ga. Feature.

Checkers.

Thomas J. Carrigan, one of the best  
known actors on the screen or stage,  
celebrated his war release from the  
navy by reentering the motion pic-  
ture field. His first play is "Check-  
ers," a big Wm. Fox special, in which  
he plays the title role, and which is  
coming to the Auditorium Sunday for  
a run of three days.

"Checkers" is taken from the racing  
melodrama of that name and was di-  
rected by Robert Stanton.

Mr. Carrigan has had a notable car-  
eer. A year ago he played in the  
leading role in "Mother Carey's Chick-  
ens" at the Curt theater in New York  
and also played opposite Lionel Barry-  
more in "The Copperhead."

Robin Hood.

The coming of "Robin Hood" is prov-  
ing an interesting topic, refuting as it  
does the idea that in order to hear a

really worth-while musical production,  
one must go to a big city.  
Ralph Dunbar, a product of the mid-  
west, whose advance into prominence  
has been rapid, in noting this situation,  
concluded that if the millions in the  
smaller cities were accorded a square  
deal in the production of real comic  
opera with the same standards of up-  
rightness prevailing that govern legiti-  
mate merchandising, a relationship of  
confidence would result which would  
make possible the bringing to those

alone can give. His reading of the  
lines that slings down in the hearts of  
his hearers comes only as a master like  
this noted star can deliver. The years  
that Mr. Dunbar has spent in the pul-  
pit have, it seems, but added to his  
forceful manner and vocal delivery. As  
an actor, understanding and getting  
the best result from his art, this man  
of religion and the stage has but few  
rivals ready and willing to enter a com-  
petition for stellar honors. He is support-  
ed by a fine company, the stage is et-

cities of productions equal to the best,  
offered anywhere. To test his judg-  
ment, he invested a large sum in a  
complete new production of Robin  
Hood, and with the co-operation of  
Reginald De Koven and payment to  
the latter of a heavy royalty, he or-  
ganized his great company.

Since then more than a hundred cit-  
ies have enjoyed real comic opera.  
Such a production is musical entertain-  
ment at its best. It does not depend on  
half clad "girls" nor salacious di-  
alogue for its hit or its crowd. It at-

fective, and nothing is lacking that  
would add to the excellence of the pro-  
duction.

The management of the Auditorium  
is very much pleased to announce the  
engagement of this delightful treat in  
the way of a strong dramatic play  
and star Thanksgiving Day, matinee  
and night.

tracts real folks and gives them an  
evening of genuine delight.

A noted star and a noted play will  
shortly be seen here. The star is the  
eminent actor-evaungelist, Mr. Robert  
Downing, and the play is "Ten Nights  
in a Bar Room." This production is  
given under the management of Mr.  
Arthur C. Aiston.

It is not necessary to go into details  
repeating the story of this offering, so  
well known to the reader of fiction and  
attendant on the theatre. The present  
revival is the most pretentious from  
every point, we believe, the stage has  
seen. Mr. Downing gives the character  
of Joe Morgan a portrayal such as he

Selznick at the Alhambra theater on  
Friday and Saturday, the star portrays  
a young wife with an unfaithful hus-  
band, who succumbs to the wiles of  
another woman and asks his little wife  
for a divorce. She gets the divorce and  
is allowed three months in which to  
file her final decree.

Wife was just clever enough to  
realize that the way to win back her  
man was to trade places with her rival.  
The other woman was now the prom-  
ised wife and she was now the "out-

side girl," the romantic sweetheart.  
Her plan worked and during the three  
months which were to elapse before  
the final decree was to be filed, hubby  
was forever at her heels. This was ex-  
actly what he wanted, but she con-

stantly refused to let him see her.

Bray's Photograph is also shown.

Evangelina.

Miriam Cooper, the well known lead-  
ing woman of the screen, who will be  
seen at the Alhambra next Wednesday  
in the title role of the Wm. Fox super-  
production of Henry Warkworth  
Longfellow's immortal poem, "Evan-  
gelina," is well fitted by ability and by  
training to give a beautifully sensitive  
interpretation of the role of the un-  
happy heroine of the great love epic.

Though Miss Cooper's art covers a  
wide range of characters, she is at her  
best in a Madonna-like role in which  
her lustrous eyes and appealing beauty  
are seen to exceptional advantage. The  
part of Evangelina is just such a role  
and Miss Cooper's work as the heroine  
is rated among the best acting ever  
preserved to posterity by motion pic-

ture photography. The engagement is  
for four days.

**GRAND**  
The Spark Divine.

How to make your wife love you de-  
spite herself is a problem confronting

many unhappy husbands in this day.  
One way to solve the problem, one call-  
ing for heroic measures, is shown in  
"The Spark Divine," Vitaphone's new-  
est Alice Joyce picture, which will be  
shown in the Grand today and tomor-  
row.

Billy West in his new comedy "Don't  
Park Here" will also be shown.

The World Affaire.

Mr. Frank Keenan made a speech  
at the recent convention of motion pic-  
ture exhibitors in St. Louis, in the  
course of which, reviewing business  
conditions, he referred to the profit  
sharing system as one of the panaceas  
to be applied to certain sore spots.  
This same thought in so many words  
was echoed several days later in an  
address by Samuel Gompers—the key-  
note which vitally thrills throughout  
the movement of "The World Affaire,"  
the latest of the series of Frank Keen-  
an's special productions, which will be  
shown at the Grand theater Monday,  
Tuesday and Wednesday.

LYRIC.

"A Trip to China" is proving a popu-  
lar vehicle for the Barrows-Pollies  
company at the Lyric this week. "This  
evening will be the final showing of  
this bill and then comes "College  
Chums," Ralph Smith and Lake Kel-  
lin more two real ones when it comes to  
making good wholesome fun for the  
audience.

**POWERFUL PILE  
REMEDY DISCOVERED**

Has Never Failed to End Most Obsti-  
nate Cases of Piles in Few Days.

For years it has been proved that so-  
called external remedies applied to or  
inserted in the rectum cannot cure  
piles, and at the best can only give  
temporary relief. Surgical operations  
also do not remove this cause, but sim-  
ply the formation.

This wonderful prescription known  
as Miro Pile Remedy, is so efficient in  
the treatment of piles, that even  
chronic cases of from 20 to 30 years  
standing with profuse bleeding have  
been completely cured in from three to  
ten days. Think of it! Just a few  
doses of a carefully balanced prescrip-  
tion and the most persistent case of  
piles is absorbed, never to return.

R. J. Evans Pharmacy, W. A. Fernan-  
disches Miro or can get it for you  
on short notice. Surely it's worth the  
little trouble to obtain it to be rid of  
piles forever.

IMPORTANT: What is known as  
itching piles are not piles in the true  
sense of the word, although this con-  
dition may accompany a true case of  
piles. For this condition Miro Pile  
Ointment has been prepared as in such  
cases it is not necessary to take the  
internal prescription.

## NEURALGIC PAINS TORTURED WOMAN FOR FOUR YEARS

Illinois Resident Was Almost Wild  
With Pain Until She Used Dr.  
Williams' Pink Pills

"Neuralgia developed about four  
years ago," says Mrs. A. F. Liggett, of  
1006 East Fairchild street, Danville,  
Ill., "and as the disease continued the  
pain grew worse until I was almost  
wild with suffering at times. The  
pain was constant and many nights I  
went without sleep. There were also  
severe headaches and I became very  
nervous. My blood was so thin that  
I was seldom warm or comfortable.  
My digestion was disordered and I  
had dizzy spells.

"One day, when the pain was es-  
pecially severe, I heard of a woman  
who had taken Dr. Williams' Pink  
Pills with benefit and her symptoms  
were so nearly like mine that I de-  
cided to give the pills a trial. Within  
two weeks after I started the treat-  
ment I could see that the remedy was  
helping me. The pain became less  
severe and finally disappeared entire-  
ly. Then I was able to sleep soundly  
and it wasn't long before I began to  
regain my strength. My blood im-  
proved too, my nerves grew strong-  
er and I feel better than I have for  
several years. Is it to be wondered  
at that I am glad to recommend Dr.  
Williams' Pink Pills to my friends?"

Dr. Williams' Pink Pills are sold by  
all druggists or direct from the Dr.  
Williams Medicine Co., Schenectady,  
N. Y., on receipt of price, 50 cents per  
box or six boxes for \$2.50. Write for

**SURPLUS AND UNDIVIDED PROFITS:**

July 1, 1919 . . . . . \$150,000

**LOCATION:** The company's plant is located in Newark, Ohio, on West Main Street, commencing at Raccoon Creek and running west for a distance of 1280 1/2 feet to Eleventh Street and its realty holdings consist of approximately 4 1/2 acres, whereon its manufacturing buildings stand, and, 135 feet of the West Main Street frontage extends south along Raccoon Creek to Jefferson Street.

**BUSINESS:** This company was incorporated in 1912, for the purpose of manufacturing automobile tires and inner tubes; the experimental period in manufacturing its products extended into the beginning of 1914, from which time its output has been profitably marketed.

**PUPOSE OF ISSUE:** The proceeds will be used for: Additional equipment to increase the output of plant, enlarging the output of cord tires; constructing new buildings; constructing and equipping an additional power plant; the purchase of additional ground adjacent to plant; providing additional capital from time to time for the Company's manufacturing capacity to meet the constantly increasing demand for its products.

**ASSETS:** The total assets as of July 1, 1919, were \$359,000.00. The sale of this preferred stock will bring the total assets to over \$600,000.00.

**EARNINGS:** The surplus and undivided profits of \$150,000.00, which has been accumulated out of net earnings during the last five years, in addition to cash dividends paid, indicates an earning capacity amply sufficient to care for the dividends to be paid on this issue. It is fairly to be expected that future earnings will be much larger.

With reference to profits in cord tire manufacturing, your attention may be called to the fact that the manufacturer's profits on cord tires are substantially larger than on fabric tires; therefore, it is reasonable to expect a considerably larger per cent. of earnings, on capital invested, as soon as we are in position to manufacture cord tires in larger quantities.

**PREFERENCE:** This stock is entitled to 8% cumulative dividends. And, should the Company at any time cease business, the assets of the Company would have to be used, under the law, to pay the holders of the preferred stock the par value of their shares, and any accrued dividends, before the holders of the common stock would get any part of such assets.

**PROPORTION OF ASSETS TO LIABILITIES:** The Company agrees that its net quick liabilities at any time will not be greater than one-half of its quick assets.

**NO MORTGAGE:** The Company agrees that no mortgage will be placed upon its property while this preferred stock issue is outstanding.

### Easy to Make This Pine Cough Remedy

Thousands of families swear by its prompt results, inexpensive, and saves about \$2.

You know that pine is used in nearly all prescriptions and remedies for coughs. The reason is that pine contains several peculiar elements that have a remarkable effect in soothing and healing the membranes of the throat and chest. Pine is famous for this purpose.

Pine cough syrups are combinations of pine and syrup. The "syrup" part is usually plain sugar syrup.

To make the best pine cough remedy that money can buy, put 3/4 cup of Pine in a pint bottle, and fill up with home-made sugar syrup. Or you can use clarified molasses, honey, or corn syrup, instead of sugar syrup. Either way, you make a full pint—more than you can buy ready-made for three times the money. It is pure, good and very pleasant—children take it eagerly.

You can feel this take hold of a cough or cold in a way that means business. The cough may be dry, hoarse and tight, or may be persistently loose from the formation of phlegm. The cause is the same—inflamed membranes—and this Pine and Syrup combination will stop it—usually in 24 hours or less. Splendid, too, for bronchial asthma, hoarseness, or any ordinary throat ailment.

Pine is a highly concentrated compound of genuine Norway pine extract, and is famous the world over for its prompt effect upon coughs.

Ask your druggist for "2 1/2 ounces of Pine" with directions, and don't accept anything else. Guaranteed to give absolute satisfaction or money refunded. The Pine Co., Ft. Wayne, Ind.

### WAR-TIME DRY ACT IS STILL IN EFFECT

Washington, Nov. 20.—As a result of yesterday's action in the senate, the Versailles treaty of peace with Germany is dead, at least until the regular session of congress in December.

At that time it may be resubmitted by the President in its original form.

If he does not do so, the senate and house may adopt a concurrent joint resolution declaring the war to be at an end.

In the meantime the United States officially remains "technically at war" with Germany, and "war-time" prohibition continues to be in effect.

The fate of the treaty of peace with Germany and the League of Nations, so far as the United States is concerned, today again is in the hands of President Wilson. Failure yesterday and last night of all efforts to have the treaty ratified in some form by the senate brought the situation just where it was six months ago when the pact was submitted to the upper house of congress and technically peace is no nearer than it was on Armistice day more than a year ago.

With the much debated and much contested document thrust back upon him, the next move is up to the President, and today there was no indication what course he would pursue. In any event, it was not believed there would be any developments until congress reconvened December 1, in regular session.

Opinion as to what may be expected then is divided. Senator Lodge, majority leader, who led the forces opposed to adoption of the treaty as presented, declared that the failure of the treaty last night killed the pact unless President Wilson "circumvented the senate rules" by withdrawing it and then submitting it at the new session next month.

Democratic leaders suggested that the President during the recess might see fit to feel out the other powers as to their attitude on reservations with a view of bringing the treaty to some sort of ratification at the December session. If re-submitted the treaty would come before the senate practically as new business and debate on it would be governed by the cloture rule invoked in the closing days of the session just adjourned.

Should the President fail to resubmit the pact promptly when congress recesses it was believed the Republican leaders would without delay take up Senator Lodge's resolution introduced last night after the treaty had failed of ratification, proposing that congress declare the war with Germany at an end. The resolution would require concurrence by the house. On this question there also is a division of opinion. Democratic leaders holding that such a resolution would have to be approved by the President to become effective and Republicans holding that presidential approval would not be necessary.

The Senate will meet tomorrow afternoon at 2:30 o'clock at the home of Mrs. P. T. Winn in Stevens street.

Outlining the many things a woman can do Miss Caroline Breyfogle gave an interesting address to two hundred women Tuesday afternoon in Taylor hall.

### LAD SHOWS ABILITY AS SLEUTH; RECOVERS DOG

Buster Jackson, aged 12, can sleep now for he has recovered Trixie, who has been absent from home for the past three weeks and it was due to Buster's foresight after a three weeks tireless search that he has succeeded.

Buster is the son of Mr. W. L. Jackson and Trixie was a family pet of the Beagle variety and the especial care of Buster. Three weeks ago the dog disappeared and then Buster began his search. He would start out in the early morning until called to school and then after sessions were over would start his tramp over the city and return at dark.

Buster couldn't sleep for thinking of his lost pal and so the other evening he came in from a tramp and took his station near an electric light pole and when hunters jumped off an interurban car, the lad would eagerly scan their rabbit dogs. He was about to give it up when he saw a Beagle hound resembling Trixie with a fellow who went into McDaniel's restaurant. The boy followed in and he was begun to say "Here, Trixie! Trixie!" he called and the canine whined and tried to get away, but the fellow with him said to the boy, "Where do get that stuff?"

"You'll find out" replied the lad as he rushed to his father's office and grabbing his arm called, "Hurry, daddy, I've found Trixie," and the doctor accompanied his son and there sure enough was his property.

The fellow admitted having kept the dog locked up but alleged that he secured it through natural channels.

At any rate Buster is sleeping soundly every night but Trixie is tied to his bedpost.

## THE MARKETS

Cleveland Produce.  
Cleveland, Nov. 20.—Poultry, turkeys \$8.00@8.50.

Wall Street.  
New York, Nov. 20.—Further selling of speculative shares at the opening of today's stock market seemed to be largely inspired by the defeat of the peace treaty. General Motors lost 6 points and others of that class 1 to 3. Oils, steels, equipments, shippings and tobaccos eased to a nice extent, but rails offered better resistance. Crucible Steel was the one noteworthy exception to the downward trend. Its 5 point rise being attributed to the security of that stock in the loan market. General Motors and some of the oils made complete recoveries within the first half hour.

New York, Nov. 20.—Regardless of the greater weakness of foreign exchange which also was ascribed to the defeat of the peace treaty, and further unfavorable industrial conditions arising from the coal situation, the market soon strengthened in all quarters. Crucible Steel extended its gain to 13 points. General Motors replaced its early loss with an 8 point gain and rallies elsewhere showed advances of 1 to 5 points over yesterday's close. United States Steel and affiliated issues also recovered easily and marked firmness was displayed by shippings and rails. Call loans opened at 10 per cent, the lowest initial rate of the week.

Pittsburgh Live Stock.  
Pittsburgh, Nov. 20.—Hogs receipts 3,000; lower; heavies 14.50@14.60, heavy Yorkers 14.75@14.85; light Yorkers and pigs 15.00@15.25.

Chicago Produce.  
Chicago, Nov. 20.—Butter: Market unchanged. Eggs: Receipts 200; market unchanged. Poultry, alive: Market unsettled; fowls 19¢; turkeys 13¢@14¢.

Liberty Bonds.  
New York, Nov. 20.—Prices of Liberty bonds at 2:55 p. m. today were: 3 1-2% \$100.00; first 4 1-2% \$94.64; second 4 1-2% \$92.90; third 4 1-2% \$93.98; fourth 4 1-2% \$92.92; Victory 3 1-2% \$99.26; Victory 4 3-4% \$99.26.

Ohio Cities Gas.  
Columbus, Nov. 20.—Cities service common 420¢@430¢, do preferred 76¢@77¢; Ohio Gas 50 1-9 last sale.

Chicago Grain Review.  
Chicago, Nov. 20.—Moderate declines in the price of corn today resulted from the acute weakness of British Exchange and from breaks in the stock and cotton markets. Opening prices which ranged from 3-5 to 5 cents lower, were followed by some reaction all around, as compared with initial bottom figures. Oats were relatively firm. Arrivals of oats proved to be scanty. After opening 75¢@76¢, the market hardened quickly.

Provisions gave away with hogs. The various stock markets collapse had a marked effect.

Possible Origin of "Loafer."  
An old Dutchman in New York had the misfortune to have a shiftless young American fall in love with his daughter. He disapproved of this and used to say to her, "Here comes that loafer of yours, the idle good for nothing." How the "a" got into the word is not known, but an idle man hanging around came to be called a "loafer."

## TREATY FAILURE

(Continued From Page 1)

declare only an imperfect trade relation can be built up without the consular officers who are in charge of the legal end of international trade.

A contrary view is held, however, by some of the senators who oppose ratification of the treaty. One of the main connection is the stand taken by Senator Knox, Republican, Pennsylvania, a former secretary of state, who holds that by the language of the treaty full commercial and diplomatic intercourse could be resumed with Germany by all of her late enemies as soon as the process verbal is exchanged.

Various other senators have taken a similar view and Senator Fall, Republican, New Mexico, has declared repeatedly in the senate that the United States already is trading with Germany in the full sense of the term and that American consular agents could be installed without overstepping international law.

There seems little prospect, however, that the state department will accept such a construction and representation there say American trade will have to accommodate itself as to action of the Spanish agents in Germany until a state of peace has been defined directly between that country and the United States. As a matter of fact the lack of American consular representation is declared by the administration officials to be the greatest present handicap to resumption of trade.

With the President's authorization of blanket licenses under the trading with the enemy act last July commercial intercourse with Germany practically was freed from legal restrictions and it continues in that situation.

There are some prohibited articles, such as drugs, chemicals and dye stuffs but the bars are down to most of the ordinary articles of commerce. It is explained that this restriction exists chiefly on exports from Germany though it affects in less degree shipments from this country to Germany. It is in the important situation that the government is chiefly concerned and for which the American consuls in Germany are needed.

Figures on America's trade with Germany in October have not been fully compiled, but during September the United States imported nearly \$2,000,000 worth of goods from that country and sent it goods valued at about \$3,000,000. For the nine months ending with September the import trade totaled nearly \$2,000,000 and exports about \$3,000,000. This, compared with pre-war exports of about \$275,000,000 for a nine month period, is a further increase was to be looked for in the figures for October.

The senate's failure to act left on the hands of the administration a big collection of knotty problems, chief among which is the question of property rights in the German ships and other property of enemy aliens seized by the government in this country. The state department experts say there is no legal sanction for retention of this property unless the treaty, which contains a provision legalizing it, is ratified.

J. D. Wolf was taken into custody at  
Canton by Franklin county officials on  
the charge of having impersonated a  
game warden and relieved Louis Kin-  
der, of near Pataskala, of a watch and  
a sum of money. The fellow, who is  
believed to be demented, is now in a  
hospital at Columbus but will be brought  
to Newark and lodged in jail just as  
soon as he can be moved. Wolf having  
subscribed to an affidavit yesterday  
before a justice of the peace in Lima  
township. Wolf called at the Kinder  
home and stating that he was a game  
warden searched Kinder, took his watch  
and money, and the compelled him to  
accompany him to Columbus and had  
the sheriff lock the Pataskala man up  
in the Franklin county jail. He was  
released at once when State Game War-  
den Baxtor assured the sheriff he had  
no such person in his employ. The  
chief of police of the Ralston Steel  
Car company, who knew Wolf, went to  
Canton where he had relatives and  
brought him back. It is thought he is  
a soldier suffering with dementia from  
shell shock.

## OHIO CITIES GETS 4 WELLS IN WEEK

Largest Operator In Field, the Company Has Eight New Wells Under Way and Locations For 30 More.

During the past week the Ohio Cities Gas company has completed four good oil wells in the vicinity of Newark in what is known as the Central Ohio field. It is now drilling eight new wells and has locations for 30 others which will start drilling as soon as the tools finish the wells now drilling.

The Ohio Cities Gas company is probably the largest operator in the local fields. It has been operating here about five years and at the present time has 325 completed and producing oil wells. The company has had a Newark office for five years during which time the company has grown to large proportions. At the present time there are five different divisions of the company with headquarters in Newark, the producing, drilling, distributing, refining and pipe line divisions.

The company disburses in and around Newark approximately \$50,000 each month, although there are many people who do not know of its existence. The company operates from coast to coast and from Canada to the Gulf of Mexico. At present it is erecting a sumptuous refinery at Heath. The company drills the wells, produces the oil, refines, distributes to all points of the United States and a foreign trade is rapidly growing.

### DOWN 1,000 FEET.

Ralph Brothers are down 1,000 feet on the Kate M. Frasier farm in Muskingum county. The well will not be in for several weeks.

### STARTS NEW WELL.

The Jackson Pike Oil and Gas company is building a rig on the John Graham farm in Muskingum county.

### DRILLING THREE WELLS.

Ralph Brothers are drilling three wells and have locations for two others in this field and in Perryton.

## FARM LOAN ASSO. DIVIDEND IS COMING

L. L. Mowls, secretary-treasurer of the Licking county National Farm Loan association of Newark, has just received notice from the Federal Land bank of Louisville that the directors have declared a dividend of six per cent per annum on all stock held by national farm loan associations. This will enable this association to declare a dividend to its shareholders, who are farmers in this vicinity borrowing from the Federal Land bank. This dividend is not expected by persons acquainted with the progress being made by this bank. It is said, although it has been in business for a little more than two years it has paid all of its organization expenses and has placed twenty-five per cent of its net earnings in reserve account, and after paying this dividend has a nice sum left in the undivided profits.

Regular dividends will be declared in the future. This dividend serves to reduce the interest rates to the borrowers. All of the profits of the bank go back to the borrowers in dividends, thereby giving the money to them at actual cost. The borrowers will soon realize that the credit given them by the national farm loan association and the Federal land bank is a good investment and one to be highly valued.

The Louisville bank now has loans of more than \$19,000,000 and it is estimated they will increase to \$30,000,000 within the next year.

## WISE PEOPLE

Guard Themselves Against Influenza and Pneumonia.

Keep the blood in condition. You will be compensated for the time you devote to health. Bulgarian Blood Tea eliminates the body poisons. It cleanses and purifies the blood. At the same time it keeps liver, kidneys, stomach and bowels in condition, and your good feeling will indicate your better health. Take it steaming hot at bedtime. It will knock out a cold overnight. Ask your druggist for Bulgarian Blood Tea. If your druggist is out of it you should have it at once—quick shipment by insured mail. Send 65 cents for a two months' supply, or \$1.25 for a large family five months' supply. Address Marvel Products Co., sole manufacturers of Bulgarian Blood Tea, Marvel Building, Pittsburgh, Pa.—Advt.

## Duffee's Cough Syrup Tested By Time

Remarkable Record of Success for an Old Time Remedy.

When a cough syrup grows in popularity for every thirty years, it must be because it is a superior article. When two generations find it the best they can buy, you are safe in using it. Duffee's Cough Syrup has met the approval of the public for these reasons. It is a wonderful relief for bronchitis, influenza, sore throat, croup, whooping cough and any kind of colds, quick in effect, soothing and strengthening. A few doses will usually overcome a fresh cold, and for the deep-seated cough or cold, in combination with Duffee's Fifty-Fifty Tonic Laxative Tablets, it works wonders. Keep a bottle in the house to protect you and your children. At your druggist's and grocers.—Advt.

### STEAMER IN DISTRESS.

New York Nov. 20.—S. O. S. calls were received here by the coast guard office today from the steamship Roman, bound from New York for Marseilles. Her position is given as latitude 39.45 north and longitude 65.50 west, which is about 350 miles east of Sandy Hook.

Rome—Three American women are concerned in preparation for annulment of marriages now being considered at Vatican.

## HOW TO JUDGE A WOMAN BY HER HAIR.

There is real common sense in just noticing whether the hair is well kept to judge of a woman's neatness, or good taste. If you are one of the few who try to make the most of your hair, remember that it is not advisable to wash the hair with any cleanser made for all purposes, but always use some good shampoo. You can enjoy the very best by getting some catarrh from your druggist, dissolve a teaspoonful in a cup of hot water. This makes a full cup of shampoo liquid, enough so it is easy to apply it to all the hair instead of just the top of the head. Dandruff, excess oil, and dirt are dissolved and entirely disappear. Your hair will be so fluffy that it will look much heavier than it is. Its lustre and softness will also delight you, while the stimulated scalp gains the health which insures hair growth.—Advt.

## TELL YOUR FRIENDS

### ABOUT NICOTOL----

## THE ENEMY OF TOBACCO

It improves any man's health to quit tobacco if he can escape the awful craving that usually attends quitting without such assistance as Nicotol gives. Did you ever have Smoker's cough? Try Nicotol in getting rid of the tobacco habit and see how quickly the cough will disappear. Nicotol is dispensed by most good druggists in this city, especially by T. J. Evans.—Advt.

## BE ON YOUR GUARD

### Against Influenza, Chest Colds, Sore Throat.

Keep a small jar of Dash Balm on hand this fall and winter. At the slightest sign of a cold in the head or soreness on chest apply liberally. At the same time inserting a little inside the nostrils.

Insist on having Dash Balm. Jars only 35c at all druggists. Allan J. Dash Co., Mfg. Chemists, Olean, N. Y. T. J. Evans can supply you.—Advt.

Love is a disease, but lots of people are vaccinated with cynicism.

## "BEATS 'EM ALL DECLARES THIS CHILLICOTHE MAN

Says He Had Catarrh of the Head Very Bad, Also Rheumatism of the Joints and Muscles and a Lazy Liver.

Of all the Medicine He Has Taken Dr.eco Has Done Him More Good Than All the Others Combined.

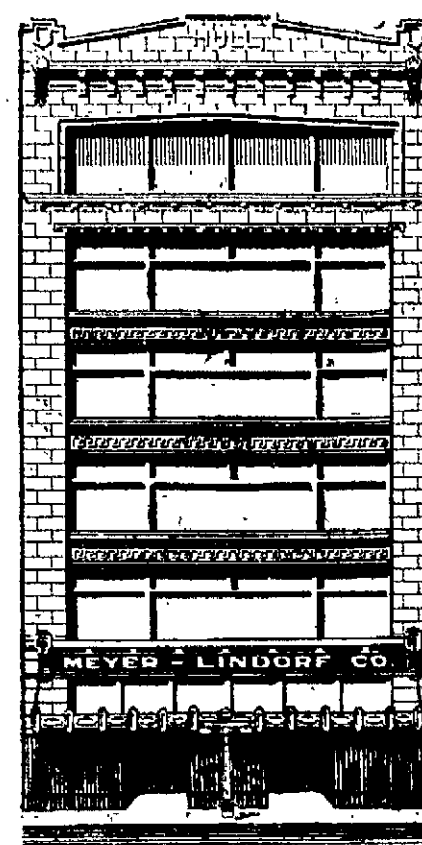

This new medicine Dr.eco beats all that I ever took, and I've taken lots of them, seeking relief from a bad case of catarrh and rheumatism," said Mr. Albert Watson of 45 East 5th street, Chillicothe, O., who is a highly trusted employee of the Mead Pulp and Paper Co.

"My catarrh was so bad that every morning found my head stopped up and it took hours to get it clear; I had singing noises in my ears and I was afraid I was going deaf; it kept me hawking, spitting and clearing my throat all the time. Of course some of this mucus was bound to get to my stomach and finally that organ went to pieces so that I could not eat anything hardly without it causing me lots of pain and filling me with sour gas. My liver was lazy which gave me dizzy spells; saw spots dancing before my eyes and my breath was foul. I got very nervous and couldn't sleep.

"That's how I was when I started to take Dr.eco and look at me now; why I'm over all my troubles and feeling fine. My head is clear as a bell—no noises any more; the dripping has ceased so that the hawking is ended; I sleep well and my stomach takes care of everything I eat. I can't say enough in praise of Dr.eco.

Dr.eco is not an experiment. It is a safe, harmless combination of natural extracts and contains no dangerous minerals, acids or salts. It is nature's medicine and can be taken with safety into the most delicate system. Dr.eco is inexpensive and is dispensed by modern drug stores almost everywhere.

Dr.eco is sold by all good druggists and is highly recommended in Newark by Evans Cut Rate Drug store.—Advt.

## DR. PARKER'S TREATMENT RELIEVES SICK STOMACH

## BY GOLLY! IT'S A SHAME!

Why Don't You Take "Cascarets" for Your Liver and Bowels and Feel Cheery, Fit and Fine?

Cascarets end biliousness, headaches, colds, and constipation so gently you're never even inconvenienced. There is no gripping and none of the explosive after-effects of cathartics like Calomel.

Rich and extensive deposits of iron and manganese ores have been found

If you've been bothered with indigestion or constipation, read the following experience of C. R. Kerns, 800 S. Hague Ave., Columbus, Ohio. He writes:

"For three years I suffered with the very worst case of indigestion and constipation, so bad that I was compelled to give up my work. I tried everything that was advised without relief until one day a friend recommended Dr. Parker's Treatment. After using four boxes, I was entirely well and am in perfect health today. I know many others who had the same experience and I believe Dr. Parker's Treatment will relieve the worst case if taken as recommended."

Dr. Parker guarantees his Treatment to relieve or your dollar refunded. Sold by all druggists.
